CHEERS

CHAIR

DESCRIPTION

Born from the desire to design a café chair with a light appearance, modern form, yet strong enough for intensive use. Therefore the choice of a steel tube frame but with reference to the back and armrests of a classical café chair. This invites different seating positions as well as allowing you to hang the chair on the table for easy cleaning underneath. The steel tubing frame is finished with matte powder coat. The solid ash wood back and seat can be ordered in matte colour lacquer, stain colour or a matte natural finish.

OMSCHRIJVING

Het doel was om een café stoel te ontwerpen met een lichte uitstraling. Dit doel is bereikt door gebruik te maken van een stalen buisframe. De vloer is makkelijk schoon te maken, doordat je de stoel, middels de rug aan tafel kan hangen. Het frame is afgewerkt met een mat structuur poedercoat. De massief essen houten rug en zitting kunnen besteld worden in kleurlak, beits of mat blanke lak.

Design Neil David Coppens

ASH WOOD STAINS

Stain options accentuate the structure of the ash wood, while a matte lacquer finish allows the texture of the grain to show through a denser colour coverage.

Please be advised that the colours on these pages are printed and therefore may differ slightly from the original.
